**To make online payments: <http://bit.ly/give-to-wbuuc>**

***A Community of Resilience***

An average of \$2300 per pledging household allows WBUUC to run our operations, pay our staff justly, maintain and grow programming while preparing the future. Some must give less than this; others can give more. When all of us contribute at the level that's right for us, we will meet our goal and continue to be a community of resilience!
